Section 5 6 Post Season Play

No CCS member school may participate in post season contests until leagues are formed and leagues then follow the standards to initiate CCS championships. At the present moment there is not enough participation from leagues to conduct a CCS championship format. When several leagues are sponsoring league play in lacrosse, the CCS Board of Managers will be able to consider a proposal for a CCS Lacrosse championship. At that time, a CCS Lacrosse committee with representatives from each league will be formed to develop, format and propose to the Board of Managers a CCS Lacrosse Championship.
