Subject: Softball Pitching Distance Rule

Based on your feedback, the CIF Executive Committee agreed that we should wait until the 2010-11 academic year to implement the new softball pitching distance of 43 feet. States had the option to adopt the rule for the 2009-10 academic year. The actual rule is copied below:

1-1-2b

Changed the female fast-pitch pitching distance to 43 feet effective with the 2010-11 academic year. NOTE: Individual state associations are permitted to adopt the 43-foot distance in 2009-10, if desired.

Thanks,

Ron Nocetti, CAA, Ed.D.
