

## **FINA Posts Final Approved Swimwear List for 2009** -- May 19, 2009

LAUSANNE, Switzerland, May 19. AFTER burning the midnight oil, the FINA Commission has released its list of approved swimwear through December 31, 2009.

Here is the full press release from FINA:

*The FINA Commission in charge of the swimwear approval, formed by representatives of the FINA Executive, FINA Technical Swimming Committee, FINA Coaches Commission, FINA Athletes Commission, and FINA Legal Councillor had a meeting on May 18, 2009 in Lausanne (SUI) and after reviewing 348 swimsuits from 21 manufacturers forwarded its proposal to the FINA Executive, who decided the following:*

- 202 swimsuits approved;
- 10 swimsuits rejected for not passing the tests of buoyancy and/or thickness;
  
- 136 swimsuits to be modified in accordance with "Dubai Charter" rule 3.1 c), as they don't fulfill the requirement stating that "swimsuit material shall not be constructed to or include elements/systems which create air/water trapping effects during use". The manufacturers have now a deadline of maximum 30 days (until June 19, 2009) to resubmit the same swimsuit for FINA approval, with the corresponding corrections ("Dubai Charter" rule 4.3 d).

### *Meeting FINA/Swimming Coaches*

*On May 19, 2009 FINA and a group of swimming coaches coming from 18 countries met at the EPFL (Swiss Federal Institute of Technology) in Lausanne (SUI), where Prof Jan-Anders Manson, Director of the Laboratory of Polymer and Composite Technology, presented the procedures of the testing process defined on the FINA swimwear approval regulations.*

*The exchange of opinions was very constructive and the direction to be taken on the swimwear approval process is certainly better understood.*

The following is the list in full of approved swimsuit models at least through December 31, 2009. However, the numbers do not match up completely. 199 suits are listed on the approved list, while FINA has stated that 202 suits made the list in the press release. A second phase of testing regarding permeability will take place at the end of the year.

Two big names missing are the Blueseventy and the Arena X-Glide. *Swimming World* is working to confirm whether these two suits have been disallowed. One question that FINA will need to answer is whether world records set this year in these now disallowed suits will be ratified.
