

CCS Football Season Summary Sheet

Our season summary sheet is now set up for you to fill out on your computer and submit to CCS by email. This will not only save paper, but will save you time, too:

- When you start to fill out the form, you can save it to your computer and finish it later.
- As you fill out the form, your points will be calculated for you.
- When you submit this form to ccsplayoffs@cifccs.org, you'll get an automated email response confirming we've received your submission; now you don't have to worry about whether or not your season summary sheet made it through the fax machine!
- And when you email your season summary to CCS, you can also email it to your league rep. so s/he has a copy too.

Some things to remember while working on this form:

- **Remember to save the form AS A PDF DOCUMENT to your computer as you work on it!**
- Even after you get confirmation that your season summary sheet has been received by CCS, if you're coming to the seeding meeting, it's always a good idea to bring a copy with you.
- **Remember to double check that your information is correct before submitting!**
- Please don't submit the form until it's completed.

CCS FOOTBALL SEASON SUMMARY SHEET

(entry-seeding & at-large form)

10.					
BONUS POINTS FOR BEING A LEAGUE CHAMP (pro-rated if you were a Shared-Champ)					
FORMULA FOR 9-GAME SCHEDULE (if applicable, see below)					
YOUR TEAM'S TOTAL POINTS					

C. Teams playing a less-than-10-game schedule will adjust their point total as follows:

1. Determine the team's winning percentage for the season;
2. Add the classification game points for a win; divide by the # of games; then subtract 0.5;
3. Multiply the winning percentage by the multiplier determined in **C.-2.** above;
4. Add that figure to the game point total;

EXAMPLE:

- Team X has 7 wins and 2 losses for the season, thus winning percentage is $7/9 = .778$;

- Team X plays: 2 "A"-League teams ($2 \times 3 = 6$); 6 "B"-League teams ($6 \times 2.5 = 15$); and

1 "C"-League team ($1 \times 2 = 2$);

- Add $6 + 15 + 2 = 23$; divide by 9 = 2.556; subtract 0.5 = 2.056; multiply by .778 = 1.60;

- Add 1.60 to the game-point total.

5. The resulting figure will be used for At-Large selection and seeding.
6. If a tie exists for a team then it will be counted as one-half of a win in the team's total victories.
