## EQUITY LEAGUE POSSIBILITIES

**Definition:** Equity leagues (or super leagues as they are called in other areas of the section) are when two (or more) basic leagues join together and form one basic league with a governing Board of Managers made up of the principal's from every school. Such basic leagues then divide their teams into two supplemental leagues (commonly referred to as divisions) either by strength or geography for their league schedule. When two (or more) basic leagues join together in this fashion they take with them the automatic qualifiers allocated to them for CCS Championships. In other words if 2 basic leagues join together to form an equity league, and each of those basic leagues has 2 automatic qualifiers into the CCS volleyball championships, the new equity league has all four entries. CCS requires that a minimum of 1 of those entries be allocated to each of the 2 divisions, while the remaining entries can be allocated as the league desires between their 2 divisions. Such leagues typically have a basic league name (i.e. MTAL-Mission Trail & Coastal) with names of the divisions being Mission Trail and Coastal. (see names of all the current equity or super leagues in the CCS below).
