Realignment Options

1. Redesign the existing Leagues-add two schools to the TCAL from the MBL and or MTAL-keep Pajaro Valley & MVC in MBL.
2. Redesign the existing Leagues-add two schools to the TCAL from the MBL and or MTAL and move Pajaro Valley & MVC to SCCAL.
3. Leave all leagues alone and let the TCAL have only 5 schools-NS wants out if that is an option.
4. Dissolve the TCAL and match the 5 schools into MBL/MTAL and incorporate smaller schools into new CAL.
5. Move MVC & Pajaro Valley into SCCAL and develop an equity league with remaining schools.
6. Not move MVC & Pajaro Valley into SCCAL and develop an equity league with all schools except the SCCAL.
7. Develop an equity league with all Southern Conference schools with four divisions.
8. Develop a Southern Conference/League with one set of by laws and the SCCAL can be a division of the Southern Conference/League. SCCAL remains intact with or without PV or MVC and the remaining school move into an equity league.
